# Free-Standing 4C Horizontal Mailboxes

continued on pages 26 - 27

## FREE-STANDING 4C HORIZONTAL MAILBOXES

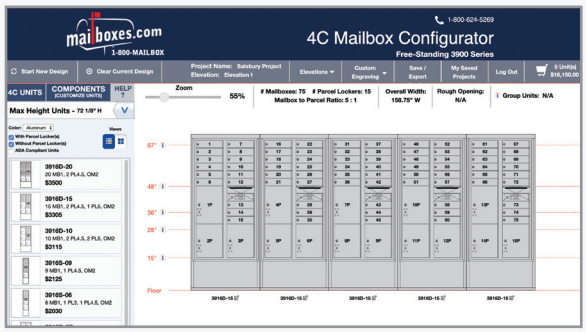
### FRONT LOADING PRIVATE access

Made of heavy duty aluminum and stainless steel hardware, Salsbury 3900 series free-standing 4C horizontal mailboxes are accessed from the front through one or two (2) easy opening master door panels. Free-standing 4C horizontal mailboxes include a U.S.P.S. approved 4C horizontal mailbox, master commercial lock(s) and matching free-standing enclosure and are available in configurations that are one door wide (single column) and two (2) doors wide (double column). The durable and corrosion resistant units feature a powder coated finish available in four (4) contemporary colors and are designed for indoor and outdoor use. Free-standing 4C mailboxes are available with standard mailbox doors (MB1) that are 12-3/4'' W x 3-1/4'' H. Larger MB2, MB3 and MB4 mailbox doors are available for custom units - see door sizes on page 31. All pre-numbered mailbox doors include a heavy duty cam lock with a dust/rain shield and three (3) keys. Each unit includes a compartment for outgoing mail collection and is labeled "Outgoing Mail". The outgoing mail compartment includes a weather protection flap and an 11-3/4" W x 3/4" H mail slot. Fully integrated and stand-alone parcel lockers are available in heights ranging from the equivalent of three (3) standard MB1 mailbox doors (PL3 - 10-1/4" high) to six (6) standard MB1 mailbox doors (PL6 - 20-3/4" high). The Salsbury maximum height units (3916D-15) have three (3) fully integrated parcel lockers (2 PL4.5 and 1PL5) and fifteen (15) standard MB1 mailbox doors providing one parcel locker for every five (5) tenant compartments. Free-standing 4C horizontal mailboxes provide a convenient means of installing 4C horizontal mailboxes in locations where a wall mounted application is not desired or available. For U.S.P.S. approved recessed mounted units, please see our recessed mounted 4C horizontal mailboxes on pages 16-19.

*#3916D-20 maximum height free-standing 4C horizontal mailbox unit in aluminum finish displayed*

Note: Salsbury 3900 series free-standing 4C horizontal mailboxes include a U.S.P.S. approved 4C horizontal mailbox unit, a matching enclosure and master commercial lock(s) for private access. For access by the U.S. Postal Service, contact your local postmaster for approval.

## 4C MAILBOX CONFIGURATOR



### *Access our 4C Configurator at:*
### *www.mailboxes.com/Mailbox-Configurator*

Our 4C mailbox configurator will assist in determining the ideal combination of mailboxes and parcel lockers based on your specific requirements. This robust tool also allows you to customize 4C mailbox units and add numbering sequences to drawings. In addition to clear and easy to read elevation line drawings with dimensions, our online mailbox configurator will also provide you with PDF, Word, Excel and AutoCAD drawing files to download for your project. Purchasing products and requesting a quote online is simple and convenient.

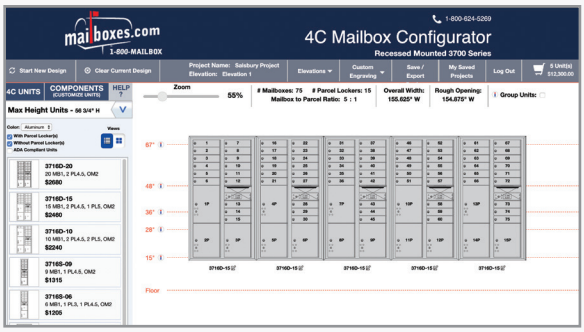
## 4C MAILBOX CONFIGURATOR



### Access our 4C Configurator at:
### www.mailboxes.com/Mailbox-Configurator

Our 4C mailbox configurator will assist in determining the ideal combination of mailboxes and parcel lockers based on your specific requirements. This robust tool also allows you to customize 4C mailbox units and add numbering sequences to drawings. In addition to clear and easy to read elevation line drawings with dimensions, our online mailbox configurator will also provide you with PDF, Word, Excel and AutoCAD drawing files to download for your project. Purchasing products and requesting a quote online is simple and convenient.

## DESIGN ASSISTANCE

Our design engineers are available to architects, specification writers and individuals involved in the design of mail distribution facilities, apartment complexes and commercial buildings. Visit the informative Architect Resources section of our website at: www.mailboxes.com/Architectural-Resources to download specifications, technical drawings, AutoCAD, BIM/Revit models and Augmented Reality (AR) models. You can also submit required layout and options for a price quotation.

*Custom recessed mounted 4C horizontal mailboxes in aluminum finish with optional custom engraved doors - black filled (#3774) displayed*

*Front loading units include one or two (2) master door(s) that swing(s) on continuous integral hinges. The outgoing mail compartment includes the access door and cannot be used for mail distribution. The rear of the unit incorporates a solid rear cover. Note: U.S.P.S. standard 4C requires a minimum of one parcel locker for every five (5) tenant compartments. Parcel lockers are not required for installation sites with less than five (5) tenant compartments.*
