Free-Standing Mail Centers

ROTARY MAIL CENTERS

Constructed of 16 gauge steel, heavy duty Rotary Mail Centers feature a vinyl finish available in four (4) contemporary colors. Rotary Mail Centers are designed to accommodate a combination of five (5) aluminum 2900 series mailboxes. To operate, the user unlocks the unit and rotates the inner cabinet 180 degrees so that the rear of the mailboxes are facing the front (see below). After distributing the mail, the inner cabinet is rotated back 180 degrees to the customer access position.

Order 2900 series mailboxes separately

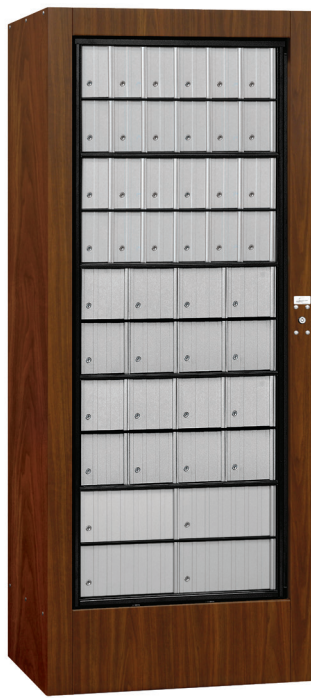

Inner cabinet rotates 180 degrees for mail distribution
