

Manufacturing Quality Products Since 1936

Salsbury Industries has excelled in manufacturing and distributing quality products for nearly 100 years. Our vertically integrated manufacturing and distribution facilities and our ISO 9001: 2015 Quality Management System allow us to effectively and efficiently produce components that are carefully manufactured, assembled, inspected, packaged and shipped to our valued customers. Our products are shipped from our manufacturing facilities and distribution centers in Los Angeles and Carson, California. Whether you are around the corner or around the world, most orders ship from our large inventory within 1 to 2 business days of receipt.
